Life in the Pack by Del Goetz

The latest book coming out July 30th, written by Del Goetz who is a foster home for SHRRCA and has help BASH in the past.

In *Life in the Pack*, Del Goetz reveals her brilliant gift of understanding of what dogs do and why they do it. She shares her incredible resilience and compassion to cope with the ups and downs of her dogs' lives. This fascinating book, full of heartwarming and dramatic anecdotes, shows the power of life in the pack and how one strong woman takes charge. Also included are conventional and holistic dog health care remedies--a must-read for dog breeders, pet industry workers, and animal lovers. --Cal Orey

It sells for \$47.40, plus tax and shipping.

You can get it on Amazon, or write Del at: delgoetz@pacbell.net or call her at: (415) 388-8493 if you want a signed copy.

Umunhum Run and Camping

August 10-11

Oct 5-6 (changed date)

This is TENTATIVE... can change from weather, Fire or schedules (like Baseball) that cause us to change the date.

We meet around 5 pm on Saturday night and if the weather allows, we run the dogs between 7 and 9 pm. If it is warm we eat dinner first and then run them. They run from 1 mile to 7 miles, again it is based on the weather... Dinner is a group effort.

Some people then camp in tents but most campout in their cars or beside them.

In the morning we rise with the sun and run the dogs again. We try different dogs in different positions and come back to a GREAT group breakfast and off the hill by noon.... You still have time to do things before the end of the weekend.

Time to meet- 5 pm at the lowest gate (there are three locked gates so we have to stay together)

RSVP Randee at (408) 371-1841 or bash@com-ctl.com by the WEDNESDAY before the weekend to find out what to bring and for how many. If I do not GET the RSVP by Wednesday, I won't accept it. It has become a growing problem that people wait til Friday and it is just to hard with planning the food. This month there were 4 that called me late.

What you need to bring- your own drinks, sleeping bag, food for your dog and food for dinner and or breakfast

Patty LaCava 415-722-5727 pattylacava@yahoo.com

Harry Potter is a sweet and loving 7 month old piebald Siberian Husky. He is presently 40 pounds and will grow to be a 55 pound dog. Harry is crate trained but not house-broken. He is afraid to go through a door into the house and most likely was a back-yard dog. He should be easy to house train as he is fine in a crate. Harry has not had any basic training but is smart and food motivated, he will be easy to train. He does not pull when walking on a leash. He is fine with all sizes of dogs. I do not know about cats. He is good with children but is mouthy.

MLise Avedian 831-235-9084 brndy1233@gmail.com

Toola is a very energetic 2 yr. She loves to play and can be very vocal in a talkative way. She is great with children. Over all she has a very calm personality but when she gets excited she may jump. She does love being in water and splashing in puddles. Toola will pull when walking her but with a little training she will be great to walk. She is crate trained as well as house trained. She does not do well with small dogs or cats. If toola sounds like a perfect match send me a email or give me a call.

Bill Otto 408-258-9806 billotto1412@aol.com

Shadow came to us from San Jose Shelter. he was an owner surrender and the family did not have time for him. He was an outdoor only dog. He had fly strike on his ears and is really shy around other people. He is housetrained and loves to go for walks around the neighborhood. He is gentle and good with other large dogs. He needs some TLC and patients but will make a great companion for someone.

Karen Fenton Fendrag1970@yahoo.com

Maximus is an exuberant, young Siberian Husky who is ready to play. He has beautiful parti-eyed (both eyes have part blue, part brown) eye color and white with black and silver mask and markings. He may have some Malamute in him to account for his size and strength.

He is good with large and small dogs as well as children. He is gentle with young children but WILL knock over someone wanting to wrestle as he does not know his own strength. He is large, muscular, and strong even in his puppy age and will fill out more. Due to his playful nature and need for obedience training for some basic "doggie manners" we would recommend an experienced large dog owner family. He would be ok as a single dog, but would love to be a playful companion to a family with another large dog to "play bow" with. He has shown no escape, digging, chewing or jumping tendencies, but does not do well in a kennel situation.

Roxy- red/white female that is just coming in...watch the website for more info on her
