A few BASH members went on Umunhum for the 4<sup>th</sup>. The weather was fantastic. We BBQ'd hot dogs and had our dogs away from the sounds of the fireworks. the clearest I have seen in 15 years. The picture

of the bay was about 9:15. It was so clear you could see all the way above the Bay Bridge. We saw when the Oakland Coliseum turned out their lights for their fireworks show.

Heron Ho [heronbash@gmail.com](mailto:heronbash@gmail.com)

Meet **Ray!** a handsome 58lb male husky that loves to play with dogs and be with people! He is so sweet and affectionate, playful and has a big personality, and is able to stay home loose in the house with his husky brother and sister. He loves going on walks but is also perfectly fine with lounging with you on the couch! He learns his manners very well from older dogs and loves to play with any dog that is willing to play! He has a very easy-going attitude towards dogs! He is happy to just lounge around in the house with you chilling on the couch or go on an adventure! He is just a happy and sweet boy that has so much love joy to give!

This is a courtesy posting- Meet **Luna**, a 20 months old Siberian Husky with the prettiest blue eyes. Luna is spayed and up to dates with all of her vaccination. She loves to go on long walks and play catch. She is very energetic, and you will need to walk her on a daily basis. She is a covid puppy and will need to be around people most of the time, if not, you can hear her howling. She becomes really attached and loves to snuggle with you on the bed or couch. She is very good with kids. She will jump and lick you until you pet her. She does not get along with small pets. She is house broken and potty trained. Luna was my daughter's dog, but she passed away last year. We need to find her a forever home and give her the attention and love that she deserves. If snuggling, long walks and a little patience is your thing, she may be the perfect girl.

Introducing Miss Shelly the Husky ! **Shelly** is the most lovable of all fluff-ness and gives the sweetest of tiny kisses. She jumps with delight for walks on cool summer evenings and loves the wind in her face on car rides around town. Miss Shelly is a lady of few words, but will voice her passions when something stirs her soul. Shelly will appreciate your patience in allowing her time to gain your trust, but once it's been earned then she be your most devoted companion and will share her heart openly. Shelly arrived to our foster home in late March, 2022. She suffered from severe anxiety and had a torn ligament in her right back leg causing her tremendous pain. We decided to pull her and MedVet team in Mountain View for getting her into surgery so quickly to perform a TPLO. Since then she has made great strides in her recovery after her surgery and has learned how to walk, love & trust again. It takes a bit of time for Shelly to ease her anxiety & feel comfortable with new sights, sounds & friends but as each day passes she becomes more confident in new environments and her new mobility has opened up a whole new world of playful fun.

Meet **Bucky!** a 3 year old 50 lb handsome and sweet boy. He's much more chill than his Winter Soldier namesake and with chill ice blue eyes. . But they do share the missing limb and cool dude vibe. Bucky loves walks and gets very excited when the leash comes out. Especially cause he gets to meet new people and get scratches. He loves car rides as well and feeling the wind. Bucky's favorite spot is on the couch. He's actually pretty graceful getting up and down. You've never known he's down a leg. Same with stairs. Up is easier, but doing down a couple of steps is no biggie. And very nimble while playing with his foster brother. He is very gentle with taking treats such a gentleman! So easy to handle lets you brush and examine him everywhere.

Looking for an active, smart, and easy puppy? Search no further, **Perry** is your boy! This sweet little pup was found abandoned in a park, suffering with parvo virus. Thanks to the awesome care from the vets at MedVet, Perry beat the virus and then immediately won the hearts of his new foster family. At just 4 months old, he potty trained himself and slept thru the night from day one. He knows how to play nicely with kids, and can settle himself easily when he needs to. He is comfortable in a crate, but mostly wants to cuddle or follow his foster parents around the house. He was deemed a husky by the shelter because he has a parti eye.....We think more hound than sibeiran.
