# SNOBASH I

January 28, 29, 30

We will again be staying at the Tamarack Pines Inn. If you would like to reserve a room, contact Randee at [bash@com-ctl.com](mailto:bash@com-ctl.com) or 408-377-2900. No dogs are allowed in the lodge. The lodge has 7 rooms, most with kitchens. For those that want to join us there are great places in Angels Camp, Arnold, Dorrington and Bear Valley. Some will allow dogs in the room, and some do not. Those of us at the Pines leave our dogs in the car. We had a great time at the Inn last year. Very relaxing. All those that attend will be expected to bring “group” food (breakfast, appetizers and drinks). Anyone is welcome to the group dinner. We just need to know if you are planning on attending Saturday night so we have enough. When all have signed up we will have a list of items to bring. By having everyone bring parts we can spread out what is needed to be brought up. We will have a group dinner on Saturday night. BASH will supply the paper products.

SnoBASH is held no matter the amount of snow.

We do sled rides for people and dogs. The proceeds go to the local elementary school.

Sign up to come. We have a fantastic time.

# Umunhum November last of the year and i the most exciting.

The weather wasn't great in October but those that came has such a great time we decided we would still go camping in November even if the weather was bad. We didn't expect it to be as bad as it was but we had fun.

We arrived at the camp about 5:15, a few trees had gone down on the road and we knew that a thunder storm was on it's way. We quickly got ATV's out and the dog harnessed. It was a light drizzle but it was getting dark. We ran them about 4 miles and as usual, they loved it but we were getting

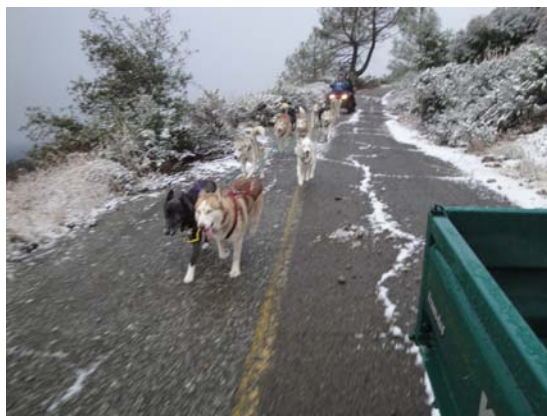

cold. When we were done Marie tried to start her charcoal for the dutch oven but the rain kept putting it out. We moved to cooking in the

container. Then the lightening storm arrive. It was close, loud and bright. We saw one big boom to the right which ended up being the Doppler being struck. A few more and then as Marie went to her car to get something we heard the thunder before we saw the light....and she flattened out on

the ground. She was fine but it had a hit a transformer just above us. The power was now out on both of our communications sites, but the container still had heat. There was also pea sized hail for

about 5 minutes. It snowed about 2 inches. It was BEAUTIFUL. We

got up and had the dogs harnessed by 8 am and did about a 6 mile run. It was so PRETTY. They had fun. Then we had breakfast and watched as it

cleared. It was a great ending to the year of UMUNHUM runs. Here are a few pictures.

Shiro is very happy and fun loving. He looks like a Malamute except for having bi-eyes. He is sweep but clearly a puppy that is still growing.//Doesn't like the crate so much, but absolutely floppy sweet. He immediately recognizing humans (us) as alpha. He DOES want to climb up on things (furniture, counter, sink) and will need some obedience training on that. He knows sit, shake, and down. He doesn't heel but he is learning. He is very nice.
