BASH website- It is about 12 years old and needs to be revamped.

Many of the inside parts of pages have already been done but the menu to the side is old and needs updating. New pictures, new fonts etc...

Is anyone interested in working on this endeavor?

If you are or have questions about what we are looking for, feel free to contact Randee at

Umunhum Run- New Year's Day

We are currently working on the logistics of doing this a little more but probably on a basis of reservations. Ultimately the safety of the dogs is foremost and we want to keep that. We can't always run all the dogs that have attended. This is a work in progress.

On New Years day we allowed all that wanted to come, come.

We had 4 ATV (two extra's thanks to Lisa and Marcus and Michelle and David)

38 dogs that came up and 34 that ran. Of the 34, 8 had never run and 6 had run a little.

32 people

18 cars

I sent out 3 e-mails to those that were coming, hoping to explain how we get set up, what to do and not to do and warn them that when asked or yelled to do something, it needs to be done for the safety of the dog. All were still willing to come and they were all great.

We had a fantastic time and all the dogs ran so great, it was something to see. We think that all of the "newbie" owners were able to ride on one of the ATV's if they wanted to. That was hard to do. The mule was full of people so they could watch their dog's experience carting. Everyone that knew how to do things such as harness and make sure Alaskan collars were on did, watering all the dogs, getting more drops out, cooking and more.....it was what BASH is about. Everyone working together.

We had the smallest ATV with 6, the next two had 9 each and the biggest had 10 dogs. Usually when we start out with new dogs there is a little shuffling around in the first 100 yards that takes experience so we are very careful. They all did so good that we took off and all ran and ran well. We only had to take one dog off during the run (he was new and out of shape) so he got a rid back on the mule.

It was a little warm that day (about 60 degrees) so we were only able to run about 5 miles but everyone had a great time (I think) There are more pictures on the web site under events, but here are a few.

Fun Shots of member(s)

So little snow has caused us not to have as much material as usual.

One of our newest members – Elydia Suarez- Garabay playing with dad in the xpen while the dogs look on...

and then there is Wayne Jueal who had a birthday the other day and a few of us decided to make him an apron. He does all of the fabric cutting for his wife's quilting projects. He measures twice and cuts once and is great at making templates. We made him an apron that not only held cutting tools and pencils but also would hold his beer....

When there is no SNOW what do you do?

Go to Dog Shows---

This month a few members when to the International Dog show (more than just AKC breeds are there, less stress, 2 shows per day)

They are fun, relaxing and different. Peggy Rusher and GG are in the middle of the Puppy Group. She had won Best in Breed Puppy- Siberians

Randee and Quinn in the ring

And another weekend some of us went to the Cow Palace for the only Benched show on the west coast. It is the only time that you stay all day at the dog show. Your dogs are given a space on "benches" together with similar groups of dogs and when not showing you are to be on the bench talking to people about the breed..... It was fun also. GG won Best of Winners both days to receive her first points towards being a champion.

~~~~~ Stitch and Bitch ~~~~~

If you are interested in sewing or other projects, a number of us get together on Monday night and sew, spin yard, work on group projects. In the past we have made booties for mushers on the Iditarod, last year we made a quilt for the walk a thon. At the current time we are just starting a applique quilt of rabbits for a Rabbit fundraiser.

If you are interested in joining us, please feel free. If you don't sew but want to knit. Crochet or spin yard you are welcome. Sometimes as a group with work through problems with patterns (that we don't understand). You could also bring a project for all of us to do.

We have sewing machines to use, cutting board and great company.

Come join us..... at Randee's home.

Miya is a beautiful 2yr old female, she loves giving endless kisses, plays with toys and pulls ropes. She doesn't get along with cats or small dogs, plays well with medium to large dogs. She doesn't pull on lead, and loves to go on car rides and walks on the beach while she chases birds. Miya is housetrained, but not crate trained. She does get along with children. You need to have husky experience.. Is miya the one for You?

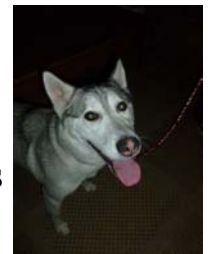

Hershey is a very playful fella, he loves chasing his tail playing with ropes catching tennis balls and carrying his blanket around .Hershey likes to go on car rides, and on walks.He will pull on lead so training is needed.He is a quick learning. Hershey knows how to give his paw, sit and lay down. He does get along with medium to large dogs, but not sure about cats. Hershey is housebroken and learning how crating can be his doggie condo. All Hershey needs now is his own forever home.

Inga was rescued from the Santa Cruz shelter. She had been confiscated from a home where she had been abandoned. She is a very sweet dog who loves people and other dogs. She has some training, is good in the house and good with kids. As we get to know her we will post more or feel free to contact me.

Gwen is about 3 years old. A white Siberian Husky. She is leggy and thin. Gwen is good with people, but can also entertain herself in a secure yard for periods of time. She is very alert and curious and likes to keep moving. She enjoys walks, but needs work on leash training and other training.. OK with other medium to large dogs. NO small pets.
