Annual BASH Holiday Party

As usual we had a GREAT time.... Food was fantastic. Santa even came to give all the kids a special gift. Poor Richard is the one that got stolen from the most... The raffle and silent auction did well also.

SnoBASH 2017

Watch the BASH email list for updates. Right now there is not enough snow...we need a good 2 feet of packed base to run safely. The snow has to have come at least 2 weeks before or we will cancel it. 500 feet higher they have just 2 feet of snow as of the writing of this newsletter. We have the lodge reserved (so others can sign up to stay there). One thing prior to the event we need to get a group together that are willing to help at the event. Right now there are only 4-5 of us that know all the stuff and it is too few to have a good safe time for us, for our dogs and for others that want to participate. We have always worked as a team, we just need more to the team. I am going to have a meeting at my house Jan 17 at 7 pm so that we can talk about what needs to be done from about 9 am to 4 pm on Saturday (along with set up Friday and put away Sunday) but Saturday is the big one. We also try to have a second one in April, so if the first is cancelled it will still be good to learn what we do so you can go and help at one in April.

We have done this for years...but that last few snow has been not too cooperative at the right time.

BARNES and NOBLE- Gift Wrapping

Dona Rivas was the Chairman of this event. Barnes and Noble has non-profit wrap gifts for their patrons. They supply the paper and the tape, we supply the workers. Patrons can leave any donation they choose (or not).

Thanks to all that helped participate (both humans and dogs) They raised \$162.68 in 3 times of wrapping. All of our rescue dogs thank you.

HUSKY HIKES in January --

Dennis and Greta are planning a Husky Hike to East Bay Regional Park's Dry Creek/Pioneer/Garin Park off May Road in Union City on a dry weekend in January, if we can find one. Weather forecasts today show a substantial rain storm the first weekend of January, and unsettled weather the rest of the month, we will try to schedule when the trails aren't too wet.

Be sure you are set up on the BASH e-mail list and watch for notification of time, date, and exact location of where we will meet for coffee before the hike. Most likely it will be at East Bay Regional Park's Dry Creek/Pioneer/Garin Park off May Road in Union City near the Dry Creek Apartment complex. Here is a link for more information about the park --

note the information about dogs and cattle!

This great tracking device has helped me locate Stella while at the beach. Heading down the hill at Fort Funston, Stella was in the lead. She headed to the right while the rest of the pack headed left. No one saw that she was missing until all of us were well down the beach. Very concerned that I could not locate her in the pack, I simply pulled up the Whistle app on my iPhone and was very relieved to see that she had not headed back up to the parking lot and road area...but that she was at the far end of the beach in the opposite direction. Though I had to hike about 20 minutes to reach her, I was in much less stress knowing that she was safe on the beach. Once in earshot, I called out to her and she came running...wanting the fresh water I was carrying. The fun day was then able to proceed and we rejoined the rest of the group.

Thanks to Whistle! It paid for itself with this one use. Regular price is \$79. Watch for specials!

Rescue December 2016

It has been an amazing year for rescue. We have rescue 41 dog to date this year and placed 39. We have also helped placed 58 through the shelters along with helping people place their own rather than take to a shelter and 5 that by getting them to work with a certified behaviorist that BASH payed for, were able to work out the issue that they were going to give up their dog for.

Pepper was an owner surrender because they didn't have time for her. She is 3-4 years old. She is housetrained and trained to use pads in the home. She is good with kids and plays well with her size. She is very very easy going....she is on the quiet side for a siberian...but nice. She would make a great dog for a first time family. She appears a little leash reactive (which means she doesn't meeting other dogs while on the leash. She is a very nice and friendly dog.

Coco is a super sweetheart. She is 1 year 10 months old and about 50 pounds. Coco is a happy dog. She is the kind of girl that loves life each and every minute of the day. She will keep you on track in January with your new exercise plan. And help you reach your weight loss goals. She is defiantly good with large dogs and does not focus on small ones. Raised as a city dog she may have been taken to dog parks. She has a tiny bit of training and will sit for cookies. She needs work with walking on a loose lead and other obedience. Her skin is still a little pink from a bad flea infestation. Coco hates fleas and would appreciate an owner who will protect her from the little buggers and take care of her beautiful white fur. Coco is looking for a special someone to love her for the rest of her life. Could it be you?
