## 2011 Fun Match – Was a great success.....

Karen Ramstead came from Canada to be a judge for the fun match and did two Fantastic talks about breeding, training and racing Siberians. One was for Norsled at Homewood Winery in Sonoma. The wine and weather were both great. The following day SNDD hosted a luncheon at Harry's Hafbrau which was also great. Both were successful fundraisers for each group.

Karen then judged our Fun Match. It was a wonderful day, not too hot and had tons of people that were there to help set up. Norsled brought the troops in (literally from the local base) to help with all the big stuff (awnings crates boxes) We had over 50 dogs (mostly sibes and sled dogs with a few sams). As usual we had a fantastic raffle and silent auction (that benefitted all the participating groups). The big item was for Norsled – a Diggle scooter (our Beth Chamberlain got that). Bill Griffiths did Canine Good Citizen for Malamute Rescue, with 7 taking the test and 5 passing it. Barbara Schaffer was there to talk to people about Urban Mushing with your dog and did a few runs with people's dogs. Norsled also had a behaviorist there that did a GREAT Huky Charm class where you could talk about and get ideas on common northern breed issues. Marilyn was also a GREAT judge for Junior Handling. There were 4 wonderful girls that participated.

Thanks to all that participated and joined us in a day of fun.

Randy Fishel took pictures that day and they should soon be posted on BASH's website under events.

## 4<sup>th</sup> of July tips - Be SAFE

1. Make sure your dog gets plenty of exercise earlier in the day.
2. Keep your dogs inside during fireworks, preferably with human companionship. If it's hot, air conditioning will help. Bringing your dogs to a fireworks display is never a good idea.
3. Provide a safe place inside for your dogs to retreat. When scared of sounds they can't orient, dogs often prefer small enclosed areas. (I once had a dog who climbed in the bathtub during windstorms.) If your dog is comfortable in a crate, that is a good option.
4. If possible, keep the windows and curtains closed.
5. Make sure all your dogs are wearing ID tags with a properly fitting collar. (Dogs have been known to become Houdini around the 4th of July.)
6. Leave your dog something fun to do – like a frozen [Kong](#) filled with his favorite treats.

### **Banana Dog Treats**

These are sweet treats so use sparingly. Banana dog treats should be refrigerated OR placed in zip lock bags and remove a few at a time for daily use.

3 cups rolled oats (don't use quick [cooking](#) oatmeal)

1 1/4 cups all-purpose flour

2 eggs

1/4 cup vegetable oil

1/2 cup honey

1/2 milk

2 bananas, mashed

#### Instructions

Preheat Oven to 325 degrees

Grease a 9.5 x 14 baking pan

Combine oil, honey, milk, eggs and bananas in a large bowl and mix well. Add dry ingredients in 3 intervals mixing lightly each time to incorporate.

Spread mixture in pan and bake for about 25 minutes. Allow to cool and cut into 2" squares.

## Quilting for Fall Furry Flurry....

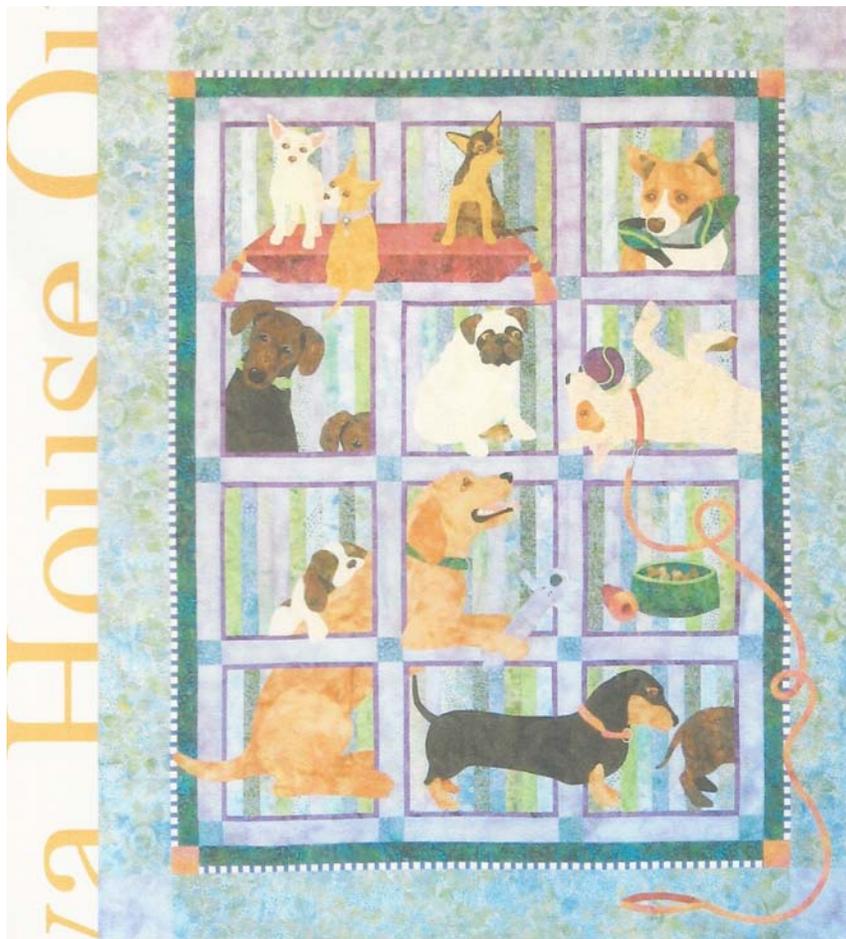

There are a number of us in BASH that enjoy and relax with sewing. Making booties, bandanas or quilts for raffles and ourselves.

We have purchased a cute pattern that has 9 panels of different dogs. Each dog pattern will be done using the applique technique. We thought it would be fun to teach others how to do this with this quilt. We will then raffle this quilt at the Fall Furry Flurry.

Anyone interested, please come and join us.

The first Quilt Session will be Friday July 15<sup>th</sup> at Randee's house. Don't bring a machine to this one. We will be drawing the pieces, picking material and maybe cutting some. The second session (we can agree on a date at the first one) will be putting them together into the large quilt (if we get that far)

Join us any time after 6:30 pm, 906 Sweetbriar Dr., Campbell RSVP [bash@com-tl.com](mailto:bash@com-tl.com) or call Randee at (408)371-1841.

# Umunhum Run and Camping

July 30, 31

In previous years I was able to set a schedule for the summer. This year we have been unable to run as much because they have been demolishing buildings on the old base. It has been too dangerous to be there so we have waited to set the runs. This is TENTATIVE...can change from weather, Fire or schedules that cause us to change the date.

We have a MULE now for carting and bathroom runs. This will be the first camping trip of the summer. We have to pull out all the stuff we put away for the winter (BBQ, tables, etc)

We meet around 5 pm on Saturday night and if the weather allows, we run the dogs between 7 and 9 pm. If it is warm we eat dinner first and then run them. They run from 1 mile to 7 miles, again it is based on the weather... Dinner is a

group effort.

Some people then camp in tents but most campout in their cars or beside them.

In the morning we rise with the sun and run the dogs again. We try different dogs in different positions and come back to a GREAT group breakfast and off the hill by 11 am.... You still have time to do things before the end of the weekend.

Most people go up for the whole event. SOMETIMES (not all the time) we have a couple that only come up for the evening part. This can only happen if we have at least two cars going down at the same time.

**Time to meet- 5 pm at the lowest gate (there are three locked gates so we have to stay together)**

**RSVP Randee at (408) 371-1841 or [bash@com-ctl.com](mailto:bash@com-ctl.com) by the WEDNESDAY before the weekend to find out what to bring and for how many.**

**What you need to bring- your own drinks, sleeping bag, food for your dog and food for dinner and or breakfast**

Mlise A 831-970-2360 [brndy2133@yahoo.com](mailto:brndy2133@yahoo.com)

Chinook is a striking 2 year old male siberian husky. He is about 55 pounds so he is also average size for a siberian. He is very affectionate and loves human contact. He gets along with large as well as medium dogs, but not cats or small dogs. Chinook loves swimming in a pool, playing with toys and going for walks on the beach plus digging holes in the sand. He is very gentle and loves to chew on nylon bones along with playing tug a war with ropes. He knows how to sit, gives his paw and lay down. Chinook loves going for rides, and chases birds in our yard. He needs a family with husky experience or one that wants to work with an intelligent siberian.

Bill Otto 408-258-9806 [billotto1412@aol.com](mailto:billotto1412@aol.com)

Ashley is a racing Siberian. She has a shorter coat and thin tail. Ashley would be a good companion dog as she likes to play with my dogs and play with toys. She is not good with small animals, cats and rodents, however she enjoys seeking and giving attention and likes sleeping in her crate at night. She is ok on a leash, however she will pull when other dogs bark. I have noted that she is getting more protective, she has barked when some come to the door.

Beth Chamberlain 408-859-3101 [b.d.c@comcast.net](mailto:b.d.c@comcast.net)

Brad/Jhargis is a beautiful 3 year old Siberian Husky mix. He is a tall, leggy boy about 55 lbs. with a snowy white coat and a grey saddle. He has deep brown eyes. He loves to be with the family and would make a wonderful companion. He would most likely do best with another dog to keep him company when his human companions are away. He has gotten along with other dogs he has been introduced to and while he is curious about cats, he has been easy to call away. He enjoys daily walks

and is a pleasure on the leash. He knows basic commands; "sit", "down", "leave it" His does need to have a secure yard so he doesn't decide to take self-guided walking tours.

Patty LaCava 415-722-5727 [pattylacava@yahoo.com](mailto:pattylacava@yahoo.com)

Leo is a beautiful black and white woolly Siberian husky. Although someone destroyed his pride by shaving him, his leonine coat will soon grow back restoring him to his former glory. His eyes are a beautiful ice blue. He is most likely 3 to 4 years old and weighs 50 pounds. He is crate trained and house broken. He has some basic obedience training and will sit and shake paws even without treats. Leo does pull when starting out on a walk and needs more work in this area. A front clip harness would be helpful.

Randee McQueen (408)371-1841 or [bashrr@com-ctl.com](mailto:bashrr@com-ctl.com)

Evian is a fantastic pure bred siberian husky that needs a new home. i would make a great companion for another dog or a person that just wants someone to walk with. I am great when left in the house, loves to ride in a car, am house trained and love being in my crate. I have been raised with kids of all sizes and am fine around them. I am very healthy, i still sled and would love to do it, but will also be happy just hanging out of the couch.

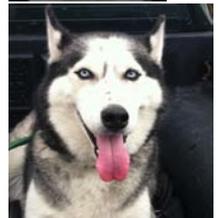

Randy Fishel [randydf@sibernet.co](mailto:randydf@sibernet.co), Sweet boy that was found as a stray in Monterey. He loves people, and likes to play with other dogs. He plays a bit rough, so other dogs should be on the larger side, but would love to also have a companion to play with. He is good indoors and out, and is very attentive to people. This is a dog that needs to be part of a family as much as possible, and not left as an outside dog. Do you have a place in your home for him?

Heron Ho 510-921-6424 [snowlets8@yahoo.com](mailto:snowlets8@yahoo.com)

Loki came to rescue because the family that owned him decided that they didn't have time for him since they were having a second child. He is a purebred siberian but they couldn't find his papers when they surrendered him. He is a great dog that needs a home that wants to love him. He was raised with a child and is good with other dogs. He can be overwhelmed with a situation and will retreat to the nearest kennel.
