Hikes

On June 3rd Husky Hike met at Gavin Dry Creek Pioneer Park for a hike. We headed north on the Ridge Loop Trail. This trail has amazing views of the bay. It is worth the climb to take in the view from the top. We then took a break wandering around the pond and barn meadow. Heading south we walked the Dry Creek Trail. Dry Creek is a beautiful shaded trail, with narrow bridges that cross back and forth across the creek. I recommend this hike to any one who just wants to spend a morning out with their dogs and friends. It is beautiful. Just a heads up, there are cattle. The cattle are use to people and dogs, and will move out of the way. Please close all gates as you move from across the park.

Our second hike on June 24th I canceled due to high temperatures.

We will revisit this lovely part of Coyote Creek Trail next fall.

Does anyone have a suggestion or desire to organize a hike in Santa Cruz? Please contact me. pattylacava@yahoo.com

July 15th Husky Hike

We will be walking the Beautiful Stanford Campus! We are going to meet at 7:30 am and start the hike at 8am
Hopefully the day will not be to hot.

Please park along the Oval, free on Sundays. We will be touring the Sculpture Gardens and soaking in the beauty of the Campus. This will be an easy walk on level paved paths with lots of shade. Hope to see you there!

At just over a year old Shamu is young and active. He would do well with an active home that likes to spend time with their dog(s). He has a great personality. He rides well in the car and walks fairly well on leash. He easily learned sit and down and is very sweet and wants to please. We took him on a club hike and he was great. He was great with all the little kids even though they wanted to sit on him. He is a dog that needs attention and exercise and a secure yard with high fencing for when he is outside. He is very happy to hang out in the house with the family and enjoys being pet and attention. He is on the larger side for a Siberian (he may have some Malamute in him) and will need a home with people who understand Northern breeds and are willing to give him the time, attention and exercise he needs. He does have a prey drive so he will NOT be placed in a home with cats, small dogs or other small animals. Larger dogs are fine.

Callie is a sweet 6 month old siberian mix. She loves to cuddle and will snuggle in your lap if you let her. She has been with other siberians and is fine with them. She can not go to a home with goats. As we get to know her more we update this bio.

Hi I am Banksy! My coat in this photo is just another one of my works in progress. My mother was red and my daddy was black and white. I got a little of both of them making me a beautiful sable. I love mixing colors!

After leaving Vallejo as a pup I spent the next 8 months in beautiful San Francisco. The walls of my street were covered in amazing paintings. I grew up in an apartment and spent lots of time at dog parks playing with my doggy friends. I weight 55 pounds and have friends both bigger and smaller than me. I even lived with a couple of cats for a few weeks. The cats were ok but they would not play with me. What I really want is to live with another dog that likes to play. I do not like being left all day by myself.

I did have a few lessons I will sit and shake your paw for a treat! I also come when called, well most of the time. I am 11 months old now and I still have a lot to learn.
