Officer’s reports-

President- No report

Vice President: No Resport

Secretary: absent

Treasurer- Bank balance \$26,815.11- EOY Profit and loss was \$7430.20 for profit for the year.

Activities: No Report

Old Business:

Hike- Beth had a hike with her and her dog. We will plan more and try to get more information also on Facebook, Instagram besides our newsletter.

Kim will help with one on a Saturday...and Beth will do it with her.

As summer comes we will try some over at the coast. We talked of a number of place that parking isn’t that much, you could eat lunch etc...easy to go to . A great talk options and ideas.

New Business:

Randee brought up that things have changed so much that BASH has changed how we do rescue and fostering etc. We use to have many that adopted from us that would also foster another. That isn’t the case now. Since Covid started we had done good by posting on some lists for people to help, and that was working until about 6 months ago and now we can’t find any to foster medical dogs. There are only three BASH members actively fostering. She will write an article for next months newsletter of how rescue is working currently

Braggs

Kim bragged that she received a picture of Windu- his legs are sooooo long. He is doing great.

Randee bragged that Emburr received another Best in Show two weeks ago. She is #1 Siberian Bitch in the nation.

Wayne made a motion to adjourn

Meeting adjourned at 6:25

Next Meeting in June...TBD

Karen Fenton and Brian Coleman (foster parents) Sent this from a great new home that adopted two of our dogs.

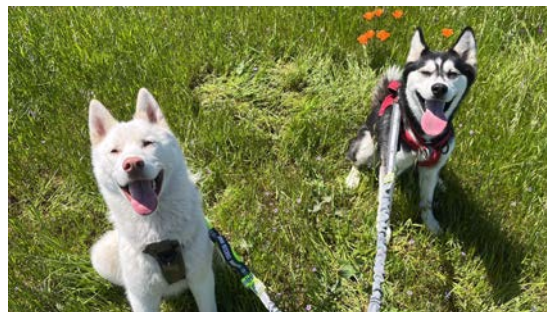

On those really bad days, we also have these. These are pics of Shiro and Scarlett at their family's home. Adopted about 2 months apart- both from Monterey as "rescues due to behavior." Both are loving, adoring, gentle, excellent with children and other dogs; poster rescue doggos. Why we rescue. Helping families' hearts grow stronger and wider with fur. They are living the life 🐾

They sent a second email saying

"She just sent a text today of their new chair and pillow in the living room- "It's not dog fur... it's Husky Glitter!"

The reason that we foster is the happiness that we see in the dogs that have been adopted...

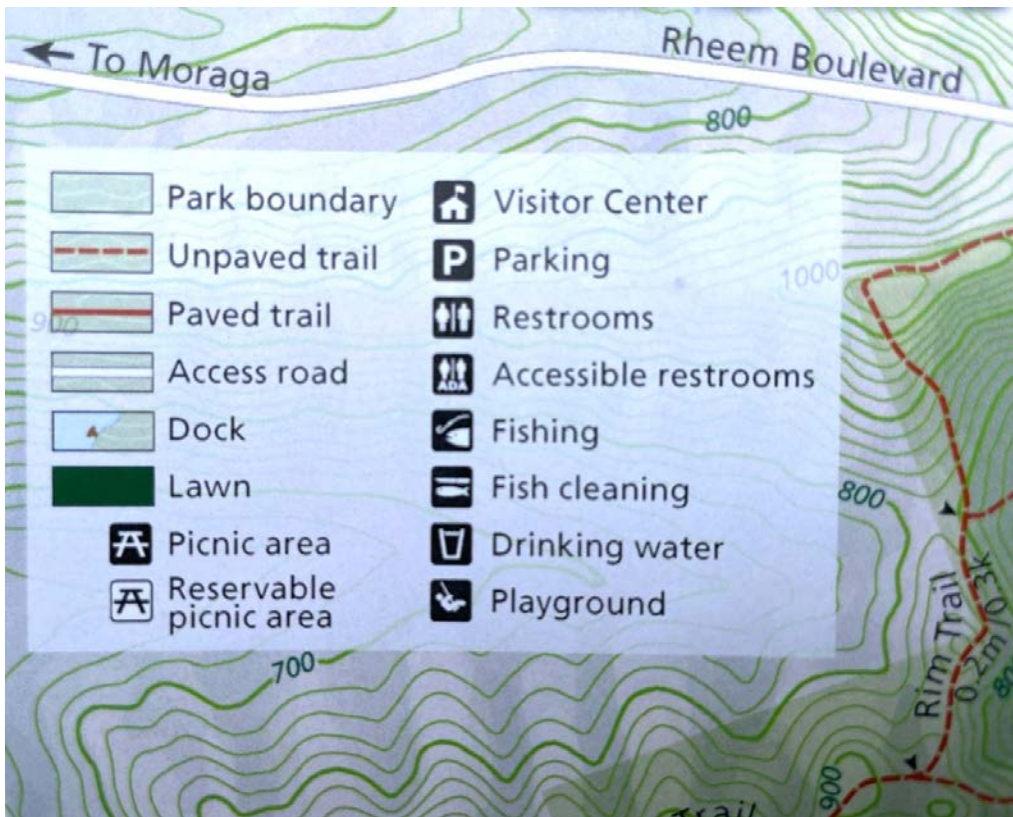

Feel free to send us your pictures of your pups that were adopted, rescued or bought....it is fun for all to see. BASH@com-ctl.com

Here is a map of the Lafayette Reservoir hiking trails. The Nature Trail around the reservoir is paved with a couple of short moderate hills and 3 water fountains, outhouses and picnic tables along the way. Shasta and I hike this trail every M/W/F morning and it's not too crowded. The weekends can get busy at times. The other trails are never crowded but have longer hill climbs in places (bring your own water). There's plenty of wildlife (turkeys, rabbits, squirrels, coyotes, rattlesnakes, etc.)

If anyone is interested in a weekday or weekend hike, I can be there for a meet-and-greet to point them in the right direction. There is plenty of parking and I'll check with the ranger to see if I can get a Club discount rate.

Matilda and Cow were born in the Central Valley in California, and they probably still remember getting leftover tacos from their former owners – Cow surely charmed the taco truck cooks for scraps when she spent most of her days on the street. Cinco De Mayo felt like the perfect time to honor their past and treat them to some tiny tacos of their very own.

I don't remember anyone in that area who actually celebrated Cinco de Mayo, but

nonetheless, you'll love this traditional staple recipe turned into a tempting dog treat.

Pinto beans and corn tortillas, the main ingredients in this dog treat recipe, are high in carbohydrates, and not particularly nutritious for dogs, so this is best served as an occasional snack. Not ideal for dogs with allergies to corn or legumes, or those with diabetes, or those that need to lose weight. For a low-carb snack, try [beef jerky](#).

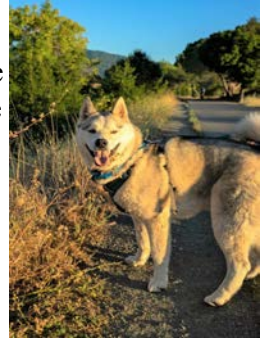

Cinco De Mayo Bean Tacos For Dogs

- 1 can low sodium pinto beans, drained. (or 1-3/4 cups cooked beans, start with 3/4 cup dried beans)
 - 1/2 cup broth (we used [Primalvore Beef Bone Broth](#))
 - Garlic powder
 - Dried cilantro
 - Small corn tortillas
1. Preheat oven to 350 degrees Fahrenheit.
 2. Drain and rinse beans, then put beans in a pot with broth and seasonings. Cook over medium heat, mashing and stirring constantly. Reduce until you create a bean paste about the consistency of oatmeal. Remove from heat.
 3. Warm tortillas in microwave or on stovetop until just soft and flexible.
 4. Cut tortillas into circles with a circle cutter, or a mug or wine glass. Save scraps to make tortilla chips later!
 5. To create mini tacos, smear bean paste on half of tortilla then fold over. You and your dog can snack on the mini tacos as-is, or you can bake them for a longer-lasting treat that can be kept out at room temperature.
 6. Bake for 15 minutes, then shut off oven and, with oven door closed, let tacos continue to cool and dry out in the oven for additional 15 to 30 minutes, until tacos are completely dry and crunchy.
 7. Store in airtight container at room temperature for up to two weeks, or longer in the freezer. I do not recommend fridge storage, as they will get moist, soft and moldy. They can be served frozen for extra crunch!

Meet **Ray!** a handsome 58lb male husky that loves to play with dogs and be with people! He is so sweet and affectionate, playful and has a big personality, and is able to stay home loose in the house with his husky brother and sister. He loves going on walks but is also perfectly fine with lounging with you on the couch! He learns his manners very well from older dogs and loves to play with any dog that is willing to play! He has a very easy-going attitude towards dogs! He is happy to just lounge around in the house with you chilling on the couch or go on an adventure! He is just a happy and sweet boy that has so much love joy to give!

Hello, my name is Milo. I am a 11-12 week old Husky. I am about 20 lbs and a playful, energetic, puppy, but love to cuddle up with someone during my naps. I am doing well house training (a few accidents), but will try to let you know I need out. (Crying and training to ring a bell/make noise). I am sleeping through the night but do sleep on the bed with my foster parents. (I do like dog beds.) I am crate trained and doing well to be left alone for a few hours. My foster home has several other dogs I play with and keep me busy. I'll need lots of toys, interaction and playtime.

New parents will need to continue to work on:

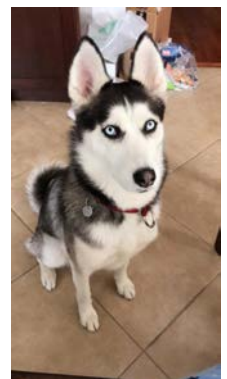

Introducing Miss Shelly the Husky ! **Shelly** is the most lovable of all fluff-ness and gives the sweetest of tiny kisses. She jumps with delight for walks on cool summer evenings and loves the wind in her face on car rides around town. Miss Shelly is a lady of few words, but will voice her passions when something stirs her soul. Shelly will appreciate your patience in allowing her time to gain your trust, but once it's been earned then she be your most devoted companion and will share her heart openly. Shelly arrived to our foster home in late March, 2022. It takes a bit of time for Shelly to ease her anxiety & feel comfortable with new sights, sounds & friends but as each day passes she becomes more confident in new environments and her new mobility has opened up a whole new world of playful fun.

Cookie! Don't you need a Cookie?

Cookie is the sweetest delight you and your family could have in your life. She is approximately 6 years old with gentle manners and a dance in her groove. Cookie is a small, blue eyed black and white Siberian Husky girl with a huge personality. Sadly with changes in home, life and time to spend with her, her family has not been able to give her the life, time and exercise she needs to be the happiest Cookie. They love her and want her very best life for her. We are looking to find that adoptive family that loves to go for walks or on trails, might enjoy learning the fun sport of scootering and time for gentle kisses every day. But if you are looking for that Tik Tok doggo that sings; she's not the one- Cookie is one of those Siberians that barely talks or howls at all. But one Siberian trait she DOES have is she is an escape artist; and open door is an invitation for her to go meet all of your neighbors. Alone with no buddies in the yard- no problem, she will go out to meet some. She LOVES new friends! The old saying is true- a bored husky is a mischievous husky. She loves children of all ages and has been there for the birth of two tiny humans and played with many toddlers. She is trained to pull in Canicross/Scooter/and Sledding. She's a smart cookie! She's house and crate trained and ADORES sitting on the back of the couch behind your shoulders looking out the window. We tease her that she's a cat-dog. We ADORE her and know you will too- contact us if you think you can give this special girl the finest days.
