went to the Siberian National Dog show in Midland Michigan the week of September 12. The show goes over 4-5 days and you see different dogs on different days. On Wednesday they have sweepstakes for Puppies (6-18 months) and Veterans (age 9 or over) They all show by age groups. In sweepstakes the money you

paid for the entry comes back to you at varying amounts based on how you place 1st through 4th. Sonic won his class (puppy dog 6-9 months, he is 8 months old) but did overall. They put all the puppy boys against the puppy girls and only pick one for best in puppies and best opposite puppy.

On Thursday they judge all of the class dogs (boys). There are 14 classes and the #1 for each class is shown for Winners dog. Sonic won his class again and made the cut of 4 for winners dog – there were 12 classes) This was VERY VERY exciting for a puppy to do as well as he did. He did not win winners dog but he did very good.

The class Bitches (girls) were all judged the same on Friday

On Saturday they judge for Best in Breed. All of the Champion dogs and bitches go in the ring. In the case of our specialty there were about 170 dogs so they put the Champion dogs in group of 12 or so and they judge looks at them and picks 2-6 out of each group (there were 4) and then bring his picks back in and picks about 12 to go in the last round. They did the same with the Champion Bitches and he choose about 12 for the last round. The judge then decides the Best of Breed (who was a Champion Dog name Stephen Colbert) the best of winners (winner of the class dog and class bitch is picked) then Best opposite sex, (Emburr won this) they pick two select dogs (one dog one bitch) All of these listed get points towards grand Championships. Then they give award of Merits. Any ribbon is very exciting and a great honor.

Emburr was entered in the Top Twenty on Wednesday night. In the long run it doesn't mean anything except the top 20 siberians in confirmation, Agility and Obedience are invited but not all will come. There were 11 signed up. They judge for two awards. The first is to be judged against all the dogs present by three judges. One is a regular judge, one is a breeder judge and the last is handler judge. Each judge evaluates the dogs separately and they put their scores on a

paper that the other judges can not see. There is a committee that adds all the scores up to find the winner. The second award is judged by the people sitting around the ring. They look and decide which Siberian best represents the breed. These ballots are also tabulated by the committee. The results of the vote are not revealed until the end of the banquet on Saturday night so the results don't affect the regular show. Two different dogs can win or the same dog can win both. They take all the dog's pictures with the three judges and one ribbon. On Saturday night Emburr was awarded both the Top 20 Award and the People's award

Nationals is a fun few days with Siberians (most years I have not brought my own dog. I do the Parade of Rescue in which we give those in the area that sign up a rosette, a bag of toys, treats and other items to honor them for rescuing their Siberian.

Also at the nationals there are vendors that have Siberian things, sleds and harnesses, quilted items, and much more. It is a great deal of fun. On Friday night there is always a raffle and auction with many "Siberian" items.

Next year it will be in Ontario California on October 23-28th. The parade of rescue will be on Friday October 27th (they have already set that)

Meet **Ray!** a handsome 58lb male husky that loves to play with dogs and be with people! He is so sweet and affectionate, playful and has a big personality, and is able to stay home loose in the house with his husky brother and sister. He loves going on walks but is also perfectly fine with lounging with you on the couch! He learns his man ners very well from older dogs and loves to play with any dog that is willing to play! He has a very easy-going attitude towards dogs! He is happy to just lounge around in the house with you chilling on the couch or go on an adventure! He is just a happy and sweet boy that has so much love joy to give!

Introducing Miss Shelly the Husky ! **Shelly** is the most lovable of all fluff-ness and gives the sweetest of tiny kisses. She jumps with delight for walks on cool summer evenings and loves the wind in her face on car rides around town. Miss Shelly is a lady of few words, but will voice her passions when something stirs her soul. Shelly will appreciate your patience in allowing her time to gain your trust, but once it's been earned then she be your most devoted companion and will share her heart openly. Shelly arrived to our foster home in late March, 2022. It takes a bit of time for Shelly to ease her anxiety & feel comfortable with new sights, sounds & friends but as each day passes she becomes more confident in new environments and her new mobility has opened up a whole new world of playful fun.

Meet **Bucky!** a 3 year old 50 lb handsome and sweet boy. He's much more chill than his Winter Soldier namesake and with chill ice blue eyes. . But they do share the missing limb and cool dude vibe. Bucky loves walks and gets very excited when the leash comes out. Especially cause he gets to meet new people and get scratches. He loves car rides as well and feeling the wind. Bucky's favorite spot is on the couch. He's actually pretty graceful getting up and down. You've never known he's down a leg. Same with stairs. Up is easier, but doing down a couple of steps is no biggie. And very nimble while playing with his foster brother. He is very gentle with taking treats such a gentleman! So easy to handle lets you brush and examine him everywhere.

Kaimi, pronounced as Kah-ee-mee, is an 8 month old Siberian female. She is an exceptional pup both intelligent and intuitive. She is all about personality--and is cute, too. Kaimi was on a career track to become a guide dog, but her eye exam reveals that she has a visual impairment herself. Kaimi is well adapted to her visual impairment, and it is mostly not noticeable at this time. She is an active adolescent pup who loves to play. Kaimi has good leash and obedience skills, and is crate trained. She plays great with other dogs Kaimi is highly social, and would rather have attention from people than play with toys.Kaimi loves to walk, and she loves to play--often for hours, with another dog. She will need a canine companion who is active in order to have a successful adjustment to a new home.The name Kaimi means "the Seeker" in Hawaiian. She has a curiosity that has no limits. She loves water, and is still trying to understand just how to turn on that outside faucet. better leash training and to settle in the car, but am eager to learn and love with you!
