We have two projects for this year. The first is to make "grocery" bags for the Siberian Nationals Rescue Parade. The second to make booties for ourselves.

For the past 4 years Marie and I have made items for and helped with the National Rescue Parade. At the Siberian Nationals they recognize the Siberians that have been rescued and their owners. They are given a bag of goodies and a beautiful ribbon. This year we would like to make "grocery" bags to hold the goodies. A special material with a paw/hand on it was donated. They are easy to make. We need between 20 and 30. It will be similar to the bag here.

In the past 8 years BASH has made 1000 + dog booties for use by

Iditarod Musher for a group called the Bootie Brigade. It appears that that group is defunct but a group of us were talking that we still need to make booties for our own dogs. We have a blast with 5-9 sewing machines going at one time. If you don't sew there are still jobs to do- turning and quality checking of our sewing, trimming threads. If you want to learn to use a sewing machine, we will be happy to teach you. This is for women, men and the kids.

If

We plan on making bags at the first meeting, finishing any that need to be done at the second along with making booties for our dogs.

what to bring- you and if you own one a sewing machine (surger or regular ones) and time to have fun.

# Umunhum Run and Camping

October 2, and again on the 23rd

Oct 2 * new date	Umunhum Run
Oct 23	Umunhum Run
Nov 20	Umunhum Run

We have a MULE now for carting and bathroom runs. This will be the first camping trip of the summer. We have to pull out all the stuff we put away for the winter (BBQ, tables, etc)

We meet around 4 pm on Saturday night and if the weather allows, we run the dogs between 7 and 9 pm. If it is warm we eat dinner first and then run them. They run from 1 mile to 7 miles, again it is based on the weather... Dinner is a

group effort.

Some people then camp in tents but most campout in their cars or beside them.

In the morning we rise with the sun and run the dogs again. We try different dogs in different positions and come back to a GREAT group breakfast and off the hill by 11 am.... You still have time to do things before the end of the weekend.

Most people go up for the whole event. SOMETIMES (not all the time) we have a couple that only come up for the evening part. This can only happen if we have at least two cars going down at the same time.

**Time to meet- 5 pm at the lowest gate (there are three locked gates so we have to stay together)**

**RSVP Randee at (408) 371-1841 or [bash@com-ctl.com](mailto:bash@com-ctl.com) by the WEDNESDAY before the weekend to find out what to bring and for how many.**

**What you need to bring- your own drinks, sleeping bag, food for your dog and food for the group.**

# August Umunhum Run

It was a great weekend and a great run. We set a record for the year with 17 people and 21 dogs in attendance. Only one person and one dog left on Saturday night. It was nice but not too warm, had a few confusing moments trying to meet up with one car that was running late. We called and told them where to sit and watch us and they saw us go by and joined the train. We ate a little late at 7 pm and ran the dogs on what we call the GATOR trail. They did great. With 6 “newbies” we were a little concerned, but they all took to it like fish to water. That was great when 3 were not northern breeds (bet they really wondered what their parents had gotten them into) The moon was so bright that night that we couldn’t see the Milky Way like we can usually in August. We got up at 6:30 with a little wind but the dogs were ready for the other route. It was a FANTASTIC group of people. Everyone helped everyone and just had a great time.

Bill Otto 408-258-9806 [billotto1412@aol.com](mailto:billotto1412@aol.com)

Ace- 1 year old male Siberian. He came to us from San Jose Shelter with a broken back leg. He has had a cast on for the past 6 weeks. There are no long term issues for his leg from the break. (it was not near a joint) He is a sweet dog who Loves to play and play and play.

Randy Fishel- [randyf@sibenet.com](mailto:randyf@sibenet.com)

Marco is probably a shepherd/siberian/Sammy cross. He is between 60 and 65#'s. He rides well in the car. Is very friendly. Plays well with other dogs. He walks ok on a leash but can pull. He knows sit, down and a quick drop (not sure of the command but he slams to a down). He would do best with another dog, probably a female. He will follow and mimic what they other dog does. So if the other dog has good manners, Bolo will. He is happy and upbeat when walking on a leash. He is not at all aggressive. He will roll over for any dog if confronted.

Arturo Ceron <[aceronjr@yahoo.com](mailto:aceronjr@yahoo.com)> and Heron Jia Ho [snowlets8@yahoo.com](mailto:snowlets8@yahoo.com)

Loba is a sweet girl. her owner surrendered her to the shelter but did not give a reason. We have only had her a short time but so far she gets along with other big dogs, appears to be housetrained.

Beth Chamberlain, 408-859-3101 [b.d.c@comcast.net](mailto:b.d.c@comcast.net)

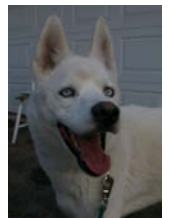

Kiya came from the shelter. She is a very sweet girl that was going to adoptions at San Jose (which means she was really nice, sweet and gentle) but she was tooooooo stressed there so they had rescue to take her. She is a sweet dog that needs a little time to warm up and know that you are ok. Until she knows you, you can not grab her neck. She currently is with a, 8, 15, 18 year old kids. She does not do well with cats.

Pat Hannum [pathannum@aol.com](mailto:pathannum@aol.com)

Macio Simpson (831) 214-9644 [mrevoli@yahoo.com](mailto:mrevoli@yahoo.com) He is probably a shepherd/siberian cross. He is between 60 and 65#'s. He rides well in the car. Is very friendly. Plays well with other dogs. He walks ok on a leash but can pull. He knows sit, down and a quick drop (not sure of the command but he slams to a down). Call his foster dad for more information.
