Peanut Butter and Strawberry Biscuits

Fruit & Honey Strawberry Fruit Spread? What is not to love? Strawberries are dog friendly and we always want to leave out the sugar for dogs. But don't despair, they have honey in there! Pawsome! Ok, and the peanut butter. No biscuit recipe would be complete for our boys without peanut butter. Smucker's leaves out the salt. Again, four paws up!

Ingredients

- 2 cups [Pillsbury™ Best® Multi-Purpose Gluten Free Flour Blend](#)
- 1 cup unsweetened cashew milk
- 1/2 cup [Smucker's® Natural Creamy Peanut Butter With No Salt Added](#)
- 1/2 cup [Smucker's® Fruit & Honey Strawberry Fruit Spread](#)
- 1/3 cup organic coconut oil
- 1/3 cup rolled oats
- 3 tablespoons additional [Smucker's® Fruit & Honey Strawberry Fruit Spread](#)

Preheat oven to 400 degrees Fahrenheit.

Combine all ingredients in a large bowl until well mixed.

Knead dough into small, rounded balls and indent hole in middle. Fill holes with jam.

Bake for 20 minutes until slightly browned on a lightly greased cookie sheet. Leave in oven for an hour or overnight for crunchy biscuits or take out to cool for softer biscuits.

Sierra Nevada Dog Drivers

Annual Mushing Clinic

Oct. 22 & 23, 2022 – Hobart Mills, CA

This weekend event is an opportunity to have hands-on mushing training from some of California's top dog drivers & trainers! You will receive one-on-one personalized training in teaching your dog the basics of pulling in harness, how to safely experiment with different types of equipment (sled, carts, scooters, etc.) and have the opportunity to experience working with trained dog teams in action! Plus group mini seminars to learn even more!

All of this is followed up by a wonderful dinner and a chance to mingle amongst everyone for chance to get to know them better.

**We supply the equipment - you supply the dogs!
All breeds welcome!**

COST:

**NOVICE \$160 per person (includes Saturday night dinner)
Bring a 2nd team member to train with you for an additional \$80!!!!**

**NEW! ADVANCED \$210 per person (includes Saturday night dinner)

Meet **Ray!** a handsome 58lb male husky that loves to play with dogs and be with people! He is so sweet and affectionate, playful and has a big personality, and is able to stay home loose in the house with his husky brother and sister. He loves going on walks but is also perfectly fine with lounging with you on the couch! He learns his man ners very well from older dogs and loves to play with any dog that is willing to play! He has a very easy-going attitude towards dogs! He is happy to just lounge around in the house with you chilling on the couch or go on an adventure! He is just a happy and sweet boy that has so much love joy to give!

Introducing Miss Shelly the Husky ! **Shelly** is the most lovable of all fluff-ness and gives the sweetest of tiny kisses. She jumps with delight for walks on cool summer evenings and loves the wind in her face on car rides around town. Miss Shelly is a lady of few words, but will voice her passions when something stirs her soul. Shelly will appreciate your patience in allowing her time to gain your trust, but once it's been earned then she be your most devoted companion and will share her heart openly. Shelly arrived to our foster home in late March, 2022. It takes a bit of time for Shelly to ease her anxiety & feel comfortable with new sights, sounds & friends but as each day passes she becomes more confident in new environments and her new mobility has opened up a whole new world of playful fun.

Meet **Bucky!** a 3 year old 50 lb handsome and sweet boy. He's much more chill than his Winter Soldier namesake and with chill ice blue eyes. . But they do share the missing limb and cool dude vibe. Bucky loves walks and gets very excited when the leash comes out. Especially cause he gets to meet new people and get scratches. He loves car rides as well and feeling the wind. Bucky's favorite spot is on the couch. He's actually pretty graceful getting up and down. You've never known he's down a leg. Same with stairs. Up is easier, but doing down a couple of steps is no biggie. And very nimble while playing with his foster brother. He is very gentle with taking treats such a gentleman! So easy to handle lets you brush and examine him everywhere.

Nala is a gorgeous 4-month-old young puppy that loves to play and explore! She's very sweet and loving, a typical Husky puppy with lots of energy and curiosity. Her favorite game to play is "Fetch", she's a great little retriever, so it's easy to exercise her. She'll also be easy to train as she's very smart and treat motivated; she hasn't had much training so far but knows "Sit" and sleeps through the night in her crate. She's a work in progress that will no doubt become magnificent in a stable home environment with an owner who has the time to teach Nala all about life. She is crate-trained, partially house-trained, has had little obedience training, good with dogs.

Blair is a 6 month old siberian. She is housetrained and will go in a crate, but has to be encouraged at first and settles quickly. Good with children down to three years olds. She plays great with other dogs both large and small. She is very dog social. she walks well on the leash and knows sit so far. She rides well in a car. Overall she is a very social and confident dog.

Kaimi, pronounced as Kah-ee-mee, is an 8 month old Siberian female. She is an exceptional pup both intelligent and intuitive. She is all about personality--and is cute, too. Kaimi was on a career track to become a guide dog, but her eye exam reveals that she has a significant visual impairment herself. The prognosis is unknown at this time. She is losing vision in her left eye, which is smaller than her right eye. The right eye has a focusing problem--strabismus. Kaimi is well adapted to her visual impairment, and it is mostly not noticeable at this time. Kaimi needs an understanding home

that can adjust to a potential for Kaimi to have much less vision in the future. She is an active adolescent pup who loves to play. Kaimi will do best with a family that has an active young dog that loves to play, that can continue her training--she has good leash and obedience skills, and is crate trained. Kaimi is highly social, and would rather have attention from people than play with toys. Kaimi is spayed, has all her vaccinations, and weighs in at 43 pounds. She may grow a little larger, but will always be an average size for a female Siberian Husky. Kaimi has not had experience with children, so will do best with older children who have dog experience and can help with her socialization and manage her activity level. Kaimi loves to walk, and she loves to play--often for hours, with another dog. She will need a canine companion who is active in order to have a successful adjustment to a new home. The name Kaimi means "the Seeker" in Hawaiian. She has a curiosity that has no limits. She loves water, and is still tryin g to understand just how to turn on that outside faucet.

Happy Dog Days of summer! My name is Mina and I am a very happy, playful, 12 month old Siberian Husky girl. I can't wait to meet my active, large dog experienced, furever family I love to play play play! I like other playful dogs like me who also like to play chase me! I love to play fetch and I just discovered water is pretty awesome; more beach time for my humans and me! I am very young so anything and everything is a toy for me, but I'm so polite when I steal Godzilla 🤪. I am crate trained and house trained but used to coming in and out through the day right now. I am wonderful with elementary aged children and up but may still be too hoppy for young children. I am learning better leash training and to settle in the car, but am eager to learn and love with you!
